

On the occasion of the European Ministers of Health and Foreign Affairs meeting in Lyon on February 9th, the OSH Forum has the pleasure to invite you to participate in the online conference led by experts from the civil society (Associations, Foundations, Universities, Scholarly Academies, etc.) to promote a consensus of recommendations to the EU Ministers.

"Building European Health Union"

Taking Global Responsibilities !

- Lessons from the Covid-19 pandemic
- Caring for people and their environment
- Embracing global health responsibilities
- Empowering ways to build European Health Union
- The essence of recommendations from EU civil society experts

As part of the French Presidency of the Council of the European Union (PFUE) 2022, a summary of recommendations from European experts from civil society will be presented to the European Ministers of Health and Foreign Affairs, as well as to mayors of major European cities.

Please, fill in this registration form to attend !
